

The Nebraska Solar Energy Society (NSES) will welcome Steve Johnson from Tenaska, Inc, as a guest speaker on October 27, 2011. Tenaska is headquartered in Omaha. Steve will be discussing the Tenaska development of two large scale solar energy sites in Imperial Valley, CA—see at www.tenaskasolarventures.com.

Security National Bank
101st and Pacific Streets, Omaha
First floor Training Room
7:00 p.m.
October 27, 2011

Steve's presentation will be at the top of the agenda.

This is an excellent opportunity for solar designers as well as students of sustainable and solar energy college programs to gain insight into large scale distributed energy.

Please RSVP by October 25, 2011, with number of people attending to:

Gary Boe
